\* 1250 pounds without appliance package. Shown with optional accessories.

Introducing the

# Vymeron

by Micro-Lite Trailer

*The Vymeron is the little trailer that can! Its interior is both spacious and indulging making the Vymeron an agreeable place to be.*

**The Vymeron** is a uniquely designed micro-lite travel trailer. Its gentle curves and low profile maximize fuel economy by guiding it through the wind and reducing drag.

Its 78" width and 1250 pound\* weight make it the perfect compliment to small SUVs and Mini Vans. No need for expensive tow mirrors, load levelers, or weight distributing hitches!

### Stats at a Glance

Axle Configuration	Tandem
Axle weight	1500 lbs (x2)
Dry Hitch Weight	250 lbs
Unloaded Weight	1500 lbs
Net Cargo Capacity	1000 lbs
Exterior Length	174"
Exterior Height	96"
Exterior Width	78"
Fresh Water Capacity	10 gallons
Tire Size	205/65/10
Interior Length	154"
Interior Height	79" Peak
Interior Width	76"
Tow Ball Size	2"
Sleeping Capacity	2-5

Our roof line is sloped forward and backward so there is no chance for standing water or snow. Our raised roof edges also prevent water from streaking down the sides of the trailer and accumulating on top of windows and doors.

**The Vymeron** was designed with a very special group of people in mind: Nature enthusiasts and adventure seekers that know what camping is all about, but that don't want to totally "rough it".

### Standard Features

Aluminum Tube Construction	4" thick cushion set
Removable Carpet Mat	Tandem Torsion Axles
Insulated Roof, Walls, Floor	Aluminum Plank Floor
20 mp Shore Power Supply	Microwave
Removable Composite Table	1.7 Refrigerator
72" x 28" RV Door w/ screen & window	12V Interior Lights
5200 BTU Air Conditioner	Smoke Detector
Hi Intensity LED Lighting	Fire Extinguisher
Fold Down Super Single Bunk	2-Way Water Pump
All Aluminum Skin	Full Size Spare
14" Powered Roof Vent	Porta - Potty

Camping is about family, friends and fun. It's about being active and enjoying the outdoors, not parking and watching a big screen TV.

Vymeron owners are value minded and concerned about the environment. They have efficient vehicles and lifestyles and don't want to compromise economy or comfort.

*"Micro-Lite"... It's more than just a name, it's how WE build our trailers.*
